BALDNESS.

A BEAUTIFUL HEAD OF HAIR

is the glorious ornament of the human frame. How strangely the loss of it changes the countenance, and prematurely brings on the appearance of old age, which causes many to recoil at the long uncovered, and sometimes even shun society to avoid the jests and sneers of their acquaintance. The remainder of their lives is consequently spent in retirement. In short not even the loss of property fills the generous thinking youth with that heavy sinking gloom as does the loss of his hair. To avert all these unpleasant circumstances, ODRIDGE'S BALM OF COLUMBIA stops the hair from falling off on the first application, and a few bottles restores it again. It likewise produces eyebrows and whiskers, prevents the hair from turning gray, makes it curl beautifully, and frees it from scurf. Numerous certificates of the first respectability in support of the virtues of ODridge's Balm are shown by the proprietors.

Read the following—

ROBERT WHARTON, Esq. late Mayor of Philadelphia, has certified as may be seen below to the high character of the following gentlemen. The undersigned do hereby certify that we have used the Balm of Columbia discovered by J. Odridge and have found it highly serviceable, not only as a preventive against the falling off of hair, but also a certain restorative.

WM. THATCHER, Sen.
Methodist Minister in St. George Charge, No. 86 North Fifth st.

JOHN D. THOMAS, M. D., 163 Race st.
JOHN S. FUREY, 101 Spruce st.
HUGH McCURDY, 343 South 7th st.
JOHN GARD Jun. 123 Arch st.

It will certainly raise its virtues in the estimation of the public when it is known that three of the above signers are more than 50 years of age and the others not less than 30.

[From the Mayor]

COMMONWEALTH OF PENNSYLVANIA, City of Philadelphia.

I ROBERT WHARTON Mayor of said City of Philadelphia do hereby certify that I am well acquainted with Messrs. J. P. Inglis, John S. Furey and Hugh McCurdy whose names are signed to the above certificate that they are gentlemen of character and respectability and as such full credit should be given to the said certificate.

In witness whereof, I have hereunto set my hand and caused the seal of the city to be affixed this sixth [L. S.] day of December &c.

TAKE NOTICE.

L. & J. MOULTON & CO. would inform those who are indebted to them by note or account that for the future they intend to do a cash business, being convinced that it is much better for them and better for their customers, instead of settling up their accounts every year, to keep a cash account with them, and be able to offer their goods at such low prices as will induce those who have not been in the habit of paying cash, to become customers. We would say to those who have not been in our store, we would be happy to see them and show them what we have to offer in the COUNTRY PRODUCE AND MERCHANDISE line, and at all times we shall be prepared to pay the highest price in cash for country produce, but at all events we shall be sure and be without it, we should much regret to be obliged to send an unwelcome visitor to enforce payment, or resort to any other measures, or want of effort on the part of the creditor to pay his debts.

PENOBSCOT WHIG CONVENTION

The county Convention of the Democratic Whigs of this County, at Orono yesterday, was a full meeting, nearly or quite, every town in the County being represented The delegates assembled under the full impression of the great responsibility resting upon the friends of the county her honor and prosperity, now that they were in the majority and the great measures for which they had so long been laboring were about to be realized All hearts seemed united in the good cause of the country and desirous by all honorable means to sustain with unabating integrity their public servants who have so nobly commenced the work of needed reform in the State and nation, and who are laboring to restore the government to those democratic principles and measures which have proved valuable, and received the approbation of the people, and challenged the admiration of the world

We have never witnessed, at a political convention, men of more sterling worth and democratic mould, than at Orono yesterday The pure fire of patriotism seemed enkindled in all hearts deep devotion to the country and her cherished institutions prevaded every mind no discord of sentiment or feeling was visible The mechanic from his work bench and forge the farmer from his fields—the merchant and the lawyer, all met on the level of a fraternal equality freely interchanged sentiments and mutually united in transacting the entire business of the convention With such men, such unanimity, and such a cause, it would be a kind of treason to doubt obtaining complete success

Reports have been artfully and industriously circulated of faltering and disaffection among the whigs But the Convention, with the inspiring spirit that pervaded the whole body and the encouraging words which dropped from the lips of many of its members, must put to flight all fears on account of such rumors, and awaken new hopes in the minds of the whigs both here and elsewhere

The whigs of Penobscot are unitedly alive to the importance of the present election, and desire that the principles of the government may be carried out They aided in the achievement, of last year, of a political revolution of untold benefit to the country, and they mean to be the last men to flinch, a hair, until the full measure of their principles and measures shall be fairly tried before an intelligent and honest people

The Convention was called to order by Nathaniel Treat Esq, and Joseph Doane Esq, of Orrington chosen Chairman, and Col Samuel J Foster and Josiah Crosby Esq, Secretaries The official proceedings we shall publish to-morrow

The following nominations were made and which deserve to be highly acceptable to the people of the county

For Senators, Col Henry Hill of Exeter, Col Hiram Hacket of Lee and Joseph Doane Esq, of Orrington

For Register of Deeds, Joseph S Chapman

For County Treasurer, Abner Taylor.

The harmony prevailing at the Convention we take as an augery of good to the success of correct political principles and sound measures of practical utility Efforts should be made in every town to insure a full vote to meet for the purpose of discussion and communing together upon matters relating to the public welfare It would be unpardonable to have indifference rob the country of the generous support so necessary to insure the permanency of good measures, vitally affecting the prosperity and happiness of the people, and the honor of our State and nation

MASARDIS, July 31, 1841

Mr Editor, I found the country between this place and Bangor, under greater improvement than I expected After leaving Oldtown, until you reach Lincoln, the country is low, and does not rise until some distance from the river. This region was undoubtedly a Lake at no remote period, and before the river had cut though its present channel at Oldtown falls

Like most of the rivers in this State, the land is of better quality on the western bank, and the road ought to have been located on that side I understood, however, that one has been begun and will be finished in a few years

Mattawamkeag Point is famous for being the ancient land of the Penobscot Indians When the English settlements first commenced upon the seaboard, the earliest accounts represent Mattawamkeag Point, as being the head quarters of the Indians, and that here was a large village

The only settlement is now at Oldtown Island at the head of the falls The Indians formerly had a settlement at the mouth of the Passadumkeag river, which was called New Town, in contradiction to the other settlement which was called Oldtown The settlements at Passadumkeag and Mattawamkeag have disappeared like those in Norridgewock and at Sico and not many years will elapse before the village at Oldtown will exhibit only the graves of those who were formerly the lords of the soil The Indians have a tradition that many years ago a battle was fought between the Penobscot and the Mohawks, at a place called the Mohawk rips on the Penobscot river in the town of Lincoln, in which the Mohawks were defeated, and their chief killed The identical rock in the river, near which the chief lost his life, and the place of his burial on the shore near Mattawamkeag Point are still pointed out to the traveler The Aroostook road from its junction with the Military road to this place, is about sixty three miles This road was commenced, I believe by Maine and Massachusetts in 1831, but no part was finished until 1837 In 1838 a vigorous effort was made and nearly one half the distance finished The first half of the road is pretty well settled The road passes through a half township which was bought by the Catholic Bishop at Boston Every lot on the road has been sold, mills have been erected, and a large edifice calculated for a college, has been raised, and nearly finished. The Bishop intends to found an institution in which, a liberal education shall be given to young men who shall be sent from Boston and elsewhere Some of the Professors are soon expected from Ireland The first settlements were commenced on this road in 1834, and already one township has become incorporated into the town of Patten Every lot is taken up on this road through the town, and there are several farms equal to any in the State There are four farms in this town which cost about $1200 each and two thousand bushels of grain have been raised by one farmer The road passes over a high hill in this town, the top of which commands a most extensive prospect

Mount Katahdin looms up about 18 miles west, the highest mountain in the State, its deep ravines on the eastern declivity being yet white from the unmelted snow and ice

To the northward is seen a thick cluster of mountains about the Schoos and Aroostook, and where the inhabitants say that it is seen either to snow or rain every day in the year To the south and east is spread before you a beautiful undulating country, well adapted to settlements, and which at no distant period must contain a dense population

The stage comes once a week to Patten, and from this place I took a private conveyance to the Aroostook Isaac Lewis, Esq has a good public house in Township No 6 about half way through to Masardis To give you some idea of the farming that is done hereabouts, I will only state that Mr Lewis informed me that he should cut on his farm and other possesions on the road, two hundred tons of hay, and that he had sowed this season, upwards of one hundred acres, which would probably yield him between one and two thousand bushels of grain I call this good farming There is a healthy aspect of thrift and freshness in the settlements along upon this road that looks most inviting, and I feel every day rejoiced that I concluded the season to make a summer excursion to the Aroostook, rather than go to Owlshead and Sedgwick, and eat clams and codfish

Yours, VIATOR

EXAMINATION INTO THE CAUSES OF THE STATE DEBT, AND THE MANAGEMENT OF THE CIVIL POSSE

In 1840, the Committee on State Lands were directed "to inquire into the Land Agent's accounts as connected with the civil posse under his command, how much money he has paid out to whom it has been paid for what purpose, and by what authority" That committee reported that the whole number of days service paid for, amount to 42 273 and the whole amount paid, $119 000, and estimated the amount due from the State on the unsettled accounts to be about $20 000 more, making the whole expense about $140 000 - Their statement and estimates must have been based upon evidence furnished by the Land Agent

The following is a table of the number of days service, and the prices at which they were rendered, up to March 4, 1840, according to the books in the Land Office

Total days labor paid up to 1840, 42 273¾
Total amount paid for labor, $34 981 71

Some of these items deserve notice According to the receipts in the Land Office 446 *days labor were paid for before January* 1840, *at the rate of* $3, *per day* leaving 300 days labor rendered at the rate of $3, of which the Land Agent gave no account. Nothing appears on the face of these vouchers to show why the whole number of days labor at this rate should should not have been laid before the Committee, or why 148 should have been selected in preference to any other number Why was not the whole truth told? We ask again why? is not the reason obvious If the people of the State had known how their money was flying at the rate of 2, 3, 4, 5 and $10 per day to such an innumerable number of persons, would they not instantly have checked this plundering of the State, and have called those who were squandering its money at this rate, to an account? What was one half, nay, two thirds of the truth kept back for? Let every man answer this question

Below is a table of the whole number of days labor rendered by the civil posse up to January, 1840, together with rate of compensation

145	days, at	$10 00	per day,

40 197	"	1 00	"
33,557	less than	1,00	"
84 725		$87 0 8,41	whole amount paid for labor

A comparison of the above table will show a gross disregard of duty on the part of the late Land Agent, if nothing more According to *these tables*, it *appears* that the whole amount paid out for labor between the report of the above named committee and Jan 1, 1841, was $32 026 70 From the smallness of the civil posse the second year, not more than $10 000 could have been paid out for labor This would leave $22,026 70 which was paid out during that year for services rendered the preceding one But Mr McIntire estimates the whole amount of outstanding claims at the end of that year of every description whatever, only 16 or $17 000, one half of which, upon a fair calculation was for other charges than labor, which leave some 14 or $15,000, not embraced within the Land Agent's estimates, nor returned as paid for labor the preceding year The proper explanation of these contradictions is, that a much larger amount was paid out for labor than the Land Agent saw fit to lay before the Committee, and that an examination of the receipts of those men to whom *high* wages were given, would disclose the same fact as in case of those to whom $3 was paid. Why the Land Agent suffered such paragraph in relation to the manner in which the books and accounts in the Land Office had been kept, to appear in his report is, to me entirely unaccountable The most charitable conclusion is that he did not write this part of the report, and that this was inserted by some one, who wished to make all appear fair weather to lull a spicion that any thing was going wrong and thus enable those about *the throne* to continue their depredations upon the public purse without molestation or competition If Mr McIntire saw it, he must have known it to be untrue, if he properly discharged any part of his duties If he was made to believe that all that he said was true, a man so credulous and so easily duped, was a very improper person to be retained in office

The mode in which many accounts were settled is worthy of observation Take for example the account of Mr Strickland, a part of which the following is a copy

"State of Maine,

To Hastings Strickland, Dr

To 392 days services, commencing Feb 1839, employing and settling with men while in the service of the State purchasing and forwarding supplies to the Aroostook, and disbursing $70,527 80, as per bills and receipts, under direction and by the order of the Land Agent, including board at Bangor, at $4 00 per day. $1 568 00

Received payment of Rufus McIntire, Land Agent, Bangor, Dec 26, 1840

Here are 392 days service scattered through a period of nearly two years during what portion of them it does not appear Mr Strickland was probably too shrewd to give the precise time in which his service was rendered, and understood his own interest too well, to close his settlement any sooner than he did It would appear that Mr Strickland must have been in service of the State the nearly whole period of two years except when attending courts as Sheriff The whole number of days between the date and the settlement of his account amounted to 695, in which were included 99 Sabbaths, leaving 596 days for labor During the above period, Mr Strickland attended court, 192 days for which he received $3 per day, this would have been 404 days labor for which he received the State, which only exceeds the number for which he was paid, by 14. A very industrious and steady man this Mr Strickland must truly be to lose but 14 days in two years Such a man is a little too saving for the State, as it is very difficult to conceive the necessity of the State employing a man at Bangor, and paying him $4 per day for two years, for the purpose of paying men hired by the Land Agent, especially when for a part of the time but 20 or 30 men were employed and the Land Agent and clerk were all the time at Bangor

But, although we have no evidence to show when Mr Strickland was in service of the State, we have abundant to show, when he was *not* in its service The Committee on public lands in their report, above referred to, in speaking of the sums rendered by Mr Strickland, say, "It appears that most of the disbursements for supplies purchased and sent from Bangor for wages of men settled with at Bangor, and for expenses on the road amounting to between 75 and $80 000 00 have been made through the agency of Hastings Strickland Esq Mr Strickland has received no compensation for his services, and no rate has been agreed on *He expects his compensation will be fixed by the Governor and Council, or by the legislature*" Now Mr Strickland in his account, charged for disbursing but $70, 527,80 The Committee say that he had disbursed between 75 and $80, 000,00 which shows that the service which he rendered the State, has been rendered *before that committee reported*, which was on the 4th of March 1840, 395 days from the commencement of his service In this period there were 56 Sabbaths and during the same time, Mr Strickland attended court 120 days, for which he received $3 per day Deducting 176 from 395, this will leave 219 days for Mr Strickland to have performed his 392, days labor in How he crowded so many days labor into so short a space, we are not informed, as the only time which he appears to have performed two days labor in one, was in his famous retreat from the Aroostook As a matter of fact the whole amount of service he rendered the State, was performed in two or three months, at the outside, that part of the civil posse that were discharged on the arrival of the Militia, were soon settled with and paid, and it does not appear that Mr Strickland had anything to do with those who were retained as a permanent force The people of this city are competent persons to judge whether Mr Strickland was in the service of the State as long a time as he has charged. I do not believe that a citizen among us would from the manner in which Mr Strickland was employed have *ever suspected* that he was in the service of the State after May 1839

There is nothing in the Land Office to show that Mr Strickland ever received any money from the Land Agent for the purpose of disbursements, neither are there any books which appear to have been kept by him the receipts taken are not in his hand writing His was probably a more intellectual kind of labor To assist him in making these disbursements, two clerks appear to have been employed, one of whom was paid for 148 days labor at $3 per day and board the other for 75 days at the rate of $2 50 per day A pretty strong team to keep at Bangor to settle the accounts of the posse, the Land Agent and clerk in the Land Office, each receiving $1000 per year. Mr Strickland, receiving pay at the rate of $1252 per year two clerks, one receiving $3 00 and the other $2 50 per day In addition to the above charge, Mr Strickland received $20 for office rent fuel and lights for himself all of which was allowed by the late Governor and Council.

QUEEN VICTORIA AND PRINCE ALBERT

We extract the following interesting sketch from a London Correspondence of the Trenton Emporium

"But what of the Queen you will say, and how does she look, So natural is curiosity about one so young and the accidental heir to such a fortune A lady too Well I will first tell you how she does *not* look She does not look like any one of the thousand portraits I have seen of her Painters may call them resemblances but they are not *like* her Sully's is a fine picture, but too magnificent The London artists have made numberless attemps the windows are full of prints studios of busts, and the museums and bazaars of wax figures, but if any are curious enough—to know how she *does* look, they must come to London, as I have done, and take a good long look at her

She was 22 last May but she does not appear so old She is a little, delicate, fair-faced girl, with very light blue eyes and glossy light hair smoothly dressed off her forehead her teeth do not show as in her portraits, though I suppose they do a little when her face is at rest I should call her rather pretty there is a decided expression of gentle, innocent girlish sweetness in her countenance just such a face as one who looks on it may well remember for a day and pray that it may never be clouded with the cares and splendid misery of a station such as hers

I do not know that hers is a crown of thorns, but I thought, and perhaps she thought, as she looked quickly and anxiously about her on the crowd of the mad and wicked attempt not long since made near that very spot, to assassinate her and her husband, by a boy of eighteen

"Prince Albert is decidedly a handsome young man and though he wears the abominable moustachios which almost brutalize the faces of three-fourths of the fashionable here, he appears to be a modest, unassuming, quiet, family kind of a personage He keeps himself entirely clear of the politics of the day, and is never spoken of by any one except as the Queen's husband

Adams's Venuis Water.
THE true Remedy the Sovereign Restorative the grand producer The subscriber informs the public that after FOURTEEN YEARS of study ten of which have been years of immense labor and difficulty, he has discovered the only true remedy against the loss, the sovereign restorative in case of a deficiency and the grand producer of that most beautiful ornament of "the human form divine," THE HAIR!
That it may be known that this Venuis Water is an invaluable article, I will state that in the first years of my labors upon it its application to the head for two consecutive seasons was necessary in order to establish a good growth of hair but now only one season is required so successful have been my improvements upon it! And I have the proud satisfaction of knowing that in the City of Bangor alone *three hundred and forty heads* which were once bald can by the heavy growth of hair upon them bear witness to the wonderful effects which this Venuis Water has produced within eighteen months!
I will add a few of the certificates almost innumerable which have been given me by individuals who have derived benefit from this Water.

Mr T D ADAMS Having availed myself of the extraordinary benefits of your Venuis Water I feel it my duty to the public as well as to yourself to submit for their perusal a plain statement of the facts in my case I had been entirely bald for seven years, and had lost my eye brows during which time I tried the remedies of three physicians without any benefit
In reading over the advertisement of your celebrated Venuis Water I concluded to try it and now am the proprietor of a fine head of hair and a beautiful pair of eye-brows
MISS ELIZA WORTHINGTON
Bangor, May 8, 1841

This is to certify, that I have used Mr Adams Venuis Water for baldness of the head and that it has restored me a good head of hair where before using it the hair was entirely gone I also have used other medicines which have started the hair, but it would come out again. But the Venuis Water has restored it so that it is as strong and stronger than before I first lost it And to all those who are troubled with baldness, I would say be sure and call on Thomas D Adams and try it immediately, and you will have your hair growing again forthwith ARTEMAS J. EGERY
Bangor, May 14, 1841.

This may certify that for the last six months I have used T D Adams' Venuis Water, and have the satisfaction to say that the top of my head which for a long time was bald, is now entirely covered with a good growth of hair
EDMUND HOLT
Bangor, February 25, 1841.

I hereby certify that for the last two or three years my head has been bald and that during that period, I have used a great number of applications recommended for their efficacy in restoring the hair, from which I have never received any benefit, some even having proved injurious, until the past summer, I made use of Thomas D Adams' Venuis Water, which has entirely exceeded my expectations and covered my head with a strong growth of hair HANNAH PALMER.
Bangor, May 15, 1831

This may certify that the hair upon the top of my head being nearly gone and the remainder fast dropping off daily I was induced by Mr T D Adams to try his Venuis Water and during the last year he has made frequent applications of it to my head. I have now a considerable growth of new hair produced as I suppose by the use of his remedy E HARRIS
Bangor, Feb 3, 1841

This may certify that I called on Mr T D Adams in May, 1836 I used his Venuis Water for three months and it has produced as much hair as I wish to have on my head
Bangor, Sept 1837 NANCY SMITH.

This may certify that my head was entirely bald and by the use of T D Adams' Venuis Water for three months my hair has been restored
Bangor, Feb 15, 1841 CALEB B HOLMES

I have used Mr Adams's Venuis Water, for the growth of the hair for about six months, and am happy to say that it has answered every purpose in producing a good head of hair, and prevent the hair from coming out by combing
Bangor, Feb 8, 1841 MARY JONES

This may certify that for the last six months I have used Adams' Venuis Water and have the satisfaction to say that the top of my head which for a long time was bald is now entirely covered with a good growth of hair
Bangor, Feb 12, 1841 WM FROST

This may certify that for the last twenty years the top of my head had been bald but now is well covered with a good growth of hair I used the Venuis Water for four months
Bangor, Feb 15 1841 E R WARREN

This certifies that I have used a preparation made by Mr Thos D Adams of this city to restore hair to the head after it had fallen off and having derived much benefit from it I would cheerfully recommend its use to others

THE HAIR! THE HAIR!!

NO better evidence is wanting to allow the superiority of the Genuine Buffalo Oil, over other preparations, than that a number of Druggists are endeavoring to imitate it and forming their most [illegible] advertisement. Beware of Pedlars.

☞ Genuine Buffalo Oil is fast taking place of all other articles to promote the growth, soften and beautify the Hair; its use gives it a softness that no other article does, and causes it to curl beautifully by free use it will darken and give the hair a satin gloss, it is highly perfumed and gives perfect satisfaction to all who have given it a trial. You will observe the signature of the proprietor: 'William Brown,' also 'Buffalo Oil,' imprinted on the bottle. In consequence of a counterfeit which has recently appeared and is now for sale, I have been persuaded to obtain a new label engraved on copper, for which I have secured a copy-right, entered according to an act of Congress in the Clerk Office of the District Court of Massachusetts. CONSUMPTION

DR. ALLEN'S BALSAM of Horehound, Liverwort and Pleurisy Root, FOR CONSUMPTION AND LIVER COMPLAINT, Colds Coughs, Spitting of Blood, Catarrh, Asthma, Difficulty of Breathing, Pain in the Side, Palpitation of the Heart, Oppression and Soreness of the Chest, Pleurisy, Hectic Fever, Night Sweats, Difficult and Profuse Expectoration, and all affections of the Chest, Lungs and Liver.

The Hoarhound, Liverwort, and Pleurisy-Root have for centuries been celebrated in the cure of diseases of the Lungs and Liver.

Dr. B. D. Allen, after a series of experiments, has been able to extract from these medical herbs a balsam, which exerts a most wonderful effect in curing Consumption and Liver Complaint, and all other diseases of the Lungs and Chest. So great has become the reputation of Dr. Allen's Balsam that it is now used in the New York, Philadelphia and Baltimore Hospitals, and in the private practice of our most eminent medical men.

For children laboring under Inflammation of the Lungs, Colds, Coughs, Croup, Quinsy, and Sore Throat this Balsam is of great importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the lives of their children, and themselves much trouble anxiety, and expense, let them procure Dr. B. D. Allen's Balsam; and whenever a child has taken cold, has any fever, cough, or hoarseness, give a teaspoonful of this medicine, and repeat it if necessary; even one teaspoonful will often effect an entire cure. During the winter of 1839, rising of one thousand families employed this remedy in the city of New York. The consequence was, that the number of deaths among children was reduced to less than one half the usual number, as may be seen by the city inspector's report of deaths.

In order to give the reader some idea of the efficacy of this Balsam, and how extensively it is used, we here introduce the monthly report of the cures it performed in the month of May, 1839, as furnished us by the agent, and published in the New York Sun.

"Monthly Report of the cures performed by Dr. B. D. Allen's Balsam of Hoarhound, Liverwort and Pleurisy Root during the month of May. It has cured and completed the cure of

Dyspepsia	106	"

"The number of Colds and Coughs cured by this medicine are too numerous to report".

The following certificates show the high estimation in which Dr. Allen's Balsam is held.

OPINIONS OF THE MEDICAL FACULTY.

At a meeting of the Medical Society of Washington County, the following Resolution was unanimously passed:

Resolved. That from a knowledge of the composition of Dr. Allen's Balsam of Hoarhound, Liverwort and Pleurisy Root, and the most astonishing effects we have seen it have upon our patients, it is our decided and unanimous opinion that it will cure Consumption and Liver complaint and we do strongly recommend it to the faculty and the public generally.

In cases of Consumption, Cough, Asthma, and Bronchitis, I have found it a very efficacious, and I believe it is prescribed very generally by the profession.

CONSUMPTION AND LIVER COMPLAINT.

BALSOM OF LIVERWORT

DR. TAYLOR'S BALSOM of LIVERWORT has been used successfully for eight years in the Cure of these Diseases Remember! the original and genuine is made only at 375 Bowery, New York. ALL others are spurious and unauthorized.

CONSUMPTION & LIVER COMPLAINT.

As a general remedy for these diseases, I am fully satisfied from long experience, there is no medicine equal to Dr. Taylor's Balsom of Liverwort. Being purely vegetable, it can be used with the utmost safety by all persons in every condition. It cleanses the lungs by expectoration, relieves difficult breathing, and heals the chest. There can be no question, but this medicine is a certain cure for chronic coughs and colds. I have used it for four years [illegible] always with success.

A. F. RODGERS, M. D.

☞ SPITTING OF BLOOD.—This disease consists of a discharge of blood, often frothy, from the mouth, brought up with wheezing and coughing, and is usually accompanied with difficulty of breathing, and some pain in the chest. Sometimes it is preceded by an oppression at the chest, a dry tickling cough and slight shooting pains. This disease is always more or less dangerous. The great danger is that these symptoms may terminate in consumption, and immediate remedies can alone save this end. But Dr. Taylor's Balsom of Liverwort is a sure remedy, and to shew its unparalleled success, certificates of cures from 421 citizens, and many physicians, will be published in a few days.

☞ NERVOUS DISEASES AND WEAKNESS Dr. Taylor's Balsom of Liverwort made at 375 Bowery, is assuredly an excellent remedy for these diseases My wife has been more or less ill for ten years. She was extremely nervous and at times so weak that she could not attend to her domestic duties. By the use of this medicine, her strength is wholly restored, and she is as healthy as I can wish her to be. My address is at Dr. Taylor's office.

CURE OF CONSUMPTION. Mrs. Martin, a worthy member of my congregation, was taken ill some time since with a cold, pain in the breast and some difficulty of breathing, and in a few days thereafter she had a violent cough and violent pain in the sides, which no medicine would relieve. She continued in this way for a long time under the medical care of Dr Rea, but finally became consumptive, and was evidently near the end of her earthly sufferings, when her brother persuaded her to try Dr. Taylor's Balsam of Liverwort. When she commenced this medicine it did not seem to agree with her for a few days, but, by lessening the dose she found it answered admirably—it relieved her cough and difficulty of breathing instantly, and we had the pleasure of witnessing her rapid recovery to health.

SHERRY WINE BITTERS.

ARE the only sure remedy for Dyspepsia and Jaundice that has ever been discovered and their general use for 32 years, with recommendations from the most eminent of the medical faculty, and editorial notices from the Boston Morning Post, Boston Daily Mail, Plymouth Memorial, Amoskeag Representative, Barnstable Patriot, Essex Banner, Haverhill Gazette, Lowell Patriot, Bunker Hill Aurora, Charlestown, Portsmouth Gazette, N. H., Dover Gazette, N. H., Northern Star, R. Island, Lincoln Telegraph, Me., New York Evening Signal, &c., must assure the afflicted that they possess wonderful merit.

THEY GIVE LIFE, ELASTICITY AND VIGOR

to the viscera, promote the peristaltic action, cleanse the stomach and bowels from unhealthy accumulations, and purify and enliven the blood in the most thorough and effectual manner.

They are the most certain remedy for all those prevalent diseases called Dyspepsia, Jaundice, Liver Complaints, Heartburn, Dizziness, Headache, Wandering or settled Pains, Sinking Faintness, Sour Stomach, Loss of Appetite, Weakness of the Limbs, Nervous Debility, Costiveness, Piles, and all diseases caused by an unhealthy state of the stomach and bowels.

They are the unrivalled and efficacious compound of a

and Graduate of the

NEW-HAMPSHIRE MEDICAL COLLEGE,

who has made the study of Medicine his profession.

Being composed entirely of vegetables, they are of such a nature that they may be taken for any length of time by invalids of any age, without injuring the system or exposing it to take cold.

BEWARE OF PEDLARS!!

The genuine article cannot be obtained of them on any pretence whatever.

I NEVER EMPLOY THEM,
NOR ALLOW THEM TO SELL MY MEDICINES.

And all Bitters, put up in phials and small round bottles, purporting to be mine,

ARE RANK COUNTERFEITS.

As some are base enough to fill the empty bottles with their stuff, and thus deceive the unwary, and some have attempted an imitation of my Bitters in papers.

BE CAREFUL OF WHOM YOU PURCHASE!

In consequence of these attempts at imposition, I have been at great expense in having new directions and wrappers, and in future the Bitters in papers will be done up in a different style. See that the envelope has on it my name in full, "entered according to act of Congress, in the year 1840, by S. O. Richardson, M. D., in the Clerk's Office of the District Court of Massachusetts," and on the other side, "Established at South Reading, County of Middlesex, Massachusetts." The border around the inside directions, (which are printed on white tissue paper,) is so curiously engraved that the words "Dr. S. O. Richardson's Sherry Wine Bitters" present themselves in a thousand different forms. As a copy right has been granted me,

ALL INFRINGEMENTS WILL BE SEVERELY DEALT WITH according to law. The bottles are nearly ready to be issued in the same style.

All Bitters prepared by me have a fac-simile of my signature on the outer envelope,

☞ Important Caution. ☜

It is a singular fact and one much to be regretted that valuable medicines, as soon as they become popular, and have received the test and approval of a discriminating public, are sure to be counterfeited and thus a bad and spurious article is immediately palmed upon the unsuspecting as the genuine. This has been notoriously the case with all popular and truly valuable medicines for years past and will probably continue to be the case for years to come.

The base and contemptible counterfeiter in some way meanly takes advantage of all the efforts made by the advertising used by the proprietors of the genuine article to get their medicines into use and to secure popularity. It is therefore not less the duty than it contributes to the safety of every honest individual in the community, to expose, from time to time, and forever after distrust all heartless ingratitudes who thus irresponsibly trifle with health and life.

THEREFORE TAKE NOTICE

There is a person by the name of J. B. ROCHEFORT, now engaged in selling a Pill done up in boxes in exact and perfect imitation of the genuine INDIAN VEGETABLE PILLS, with the only difference of only one word on the boxes—viz WRIGHT'S. Pills sold by this Rochefort are evidently intended as a fraud and imposition upon the community, or they would not have been done up in such exact imitation of the genuine. This person is talking and swaggering with a great Theatrical swagger. He is recently known as a very poor player in Baltimore under the musical cognomen of Jim Brown, aged about twenty five years of age. It is almost beyond a doubt that he is supplied with the Pills from a Druggist firm in this city, who have been heretofore [illegible] with counterfeiting medicines. As soon as proof is obtained, the fountain head of this nefarious business will be exposed, that the community may shun them as they would a serpent.

IN THE MEAN TIME THE PUBLIC ARE CAUTIONED

against buying WRIGHT'S Indian Vegetable Pills of any one who does not exhibit a certificate of agency signed by the agent for the New England States, and bearing date since January, 1841. Also take particular notice that the following words are on the Boxes

WRIGHT'S *Indian Vegetable Pills*—(Purgative) of the North American College of Health.

THE INDIAN VEGETABLE PILLS are a certain cure for disease in its every variety of form. They thoroughly cleanse the stomach and bowels, induce a proper discharge by the lungs, skin, kidneys, and stimulate the blood to purify itself. In other words they open all the natural drains, leave NATURE (THE GRAND PHYSICIAN) free to drive disease from the body. The above outlets, or drains, are the common sewers of the body, through which all morbid and corrupt humors (the cause of disease) are carried off and so long as they are all kept open, and discharge freely the allotted portions of impurity the body will remain in health; but when from eating improper food, breathing impure air, sudden transitions from heat to cold, over exaustion, or any other cause, the bowels become costive, the pores of the skin become closed, or the kidneys fail to perform their functions properly, the impurities which should be drained from the body by those outlets will be retained, and continue to accumulate until the body becomes literally poisoned with disease.

The above pills may be taken at all times and under all circumstances, with perfect safety. They suit all complaints and all ages, and are as natural to the human constitution as food, consequently they can never injure even the most delicate. In our food they are digestible; therefore they enter into the circulation, and impart an energy to the blood which enables it to flow with freedom and ease to the extremities, and consequently to keep the pores of the skin open. They are true and powerful purifiers of the blood; because they drain all corrupt humors from that life giving fluid. They impart strength and vigor to the whole system, and their effects are always beneficial; because they only remove those humors which are opposed to health. They aid and improve digestion, and sound sleep follows their use; because they cleanse the stomach and bowels of their slimy humors which not only irritate and excite the nervous system but paralyze and weaken the digestive organs. In short they possess all the good properties that can be claimed for any medicine; and what is very remarkable, it is utterly impossible to use them without benefit.

Price 25 cents per Box, with full Directions.

☞ Office and General Depot for the New England States, No 198 TREMONT STREET, near Court street, Boston.

☞ The Regular appointed Agents can receive their supplies of the above popular Pills, as heretofore, from the ONLY OFFICE and GENERAL Depot for the New England States, 198 Tremont street Boston.

☞ Pedlers or travelling Agents are not allowed to sell the Genuine Indian Vegetable Pills, therefore never purchase from them, for if you do you will be sure to obtain a DANGEROUS and Counterfeit article.
